Are you interested in internships at National Labs, Universities, and/or Non-Profit Organizations?	yes no

Application Form (continued)

II. Statement of Purpose

Please attach a one-page, typed, single-spaced statement addressing the following:

- What is your background and interest in applying to the internship program?
- What is your biology, chemistry, and research experience?
- What are your short-and/or-long term research and career goals?

Include any additional information that might aid the selection committee in evaluating your preparation, potential, and aptitude for doing scientific research. You may also address any experiences, situations, or conditions that may have adversely impacted your academic advancement in science.

III. Conditions of Internship

Your signature below confirms that you have reviewed the eligibility requirements outlined on the Program website, <http://www.qb3.org/intern.htm>, provided complete application information, and certifies that you understand and accept the conditions of the Internship Program, including:

1. Once a student accepts an internship offer, whether verbally or in writing, acceptance is to be considered binding for the duration of the entire work period.
2. Interns must complete all Program and University of California administrative procedures.
3. Interns are required to turn in UC Berkeley, company employer, and internship program forms by deadlines.
4. Interns may be required to sign a confidentiality compliance statement protecting a company's proprietary information and must observe company rules and regulations.
5. Interns may be required to participate in a background check and drug test. (Interns may also be required to supply a copy of their most recent immunization record, current residence status, and health insurance card.)
6. Interns must email QB3 Assignment I: Summary of Internship Goals (due 2-3 weeks after start date).
7. QB3-Berkeley staff and industry supervisors will evaluate final projects and internship performance.
8. Interns will participate in end-of-program evaluation procedures and may attend a symposium.
9. Interns are required to report any internship issues or difficulties to the program manager, supervisor, or human resources representative.
10. Interns are required to resume normal course of study (fall semester) upon completion of the internship program.

I hereby certify to the best of my knowledge that all information submitted, including my statement of purpose, is complete and correct. I understand that failure to disclose accurate information is grounds for dismissal from the application process or the internship. I understand that my application and all supporting materials become the property of QB3-Berkeley. I hereby authorize UC Berkeley and/or any potential employers through the QB3-Berkeley Undergraduate Biotech Internship Program to verify my academic standing. I further authorize the release of my application and academic transcript to be used as deemed appropriate by QB3-Berkeley. I understand that I am not guaranteed an internship placement.
